

Learn how to grow your own!

Friday
Oct. 4, 2019
9am – 1pm

HYDROPONICS

WORKSHOP

Join us for a half day workshop on how to grow your own food using hydroponic technology. This course is taught by several University of Florida Extension experts and will include presentations on:

- Pest ID and control for indoor crops
- How to build a simple but effective home system
- Basics of aquaponics (raising fish with your vegetables)
- How to set-up and use your **FREE** tabletop hydroponics system to grow your own lettuce at home.
